

Tired of fighting the **morning traffic** in Kenter Canyon?  
Need to get an **earlier start** on your daily commute?  
Ready to give your child a **fun and rewarding** experience?  
Want to take an **environmentally-responsible** action?

## Get on the Bus!

The time is now to express your interest in taking advantage of neighborhood bus service from convenient locations each MORNING so that parents may avoid the congestion and stress of morning drop-off. We have partnered with the Brentwood Homeowners Association, Councilman Bonin's office and the Tumbleweed Bus to pilot a program for students to be picked up at one of several designated locations each morning at a reasonable cost to families.

To get the pilot program rolling, please visit the link below to express your interest and complete the questionnaire in order for us to plan routes and feasibility for the pilot program:

**<http://bha90049.com/kenter>**

**DON'T MISS miss this opportunity to take the stress and hassle out of morning drop-off AND help your child take responsibility for themselves and our community!**

Questions? Email us at **[kenterbus@gmail.com](mailto:kenterbus@gmail.com)**
