

Greetings Kenter Canyon families,

Kenter Canyon Faculty & Staff extends a heartfelt thank you for all of your understanding during this unprecedented situation impacting our school community. While you have heard from your child's teacher regarding home plans for continuity of learning, know that we are still waiting for additional information on continuing efforts to further support our students' academic progress from Central Office for LAUSD; we'll keep you posted with updates.

As a reminder, all schools in the Los Angeles Unified School District will be closed starting tomorrow for a period of two weeks. I will be sending you updates as they are made available and updating our website, as well. Our local district is working to open 8 Family Resource Centers starting on Wednesday, March 18, 2020, where students can receive daily meals. Once we receive the locations for these sites, I will share them with you. Please also, periodically, check the LAUSD website at www.lausd.net for updates. Should you have any questions during this closure period, please feel free to contact me via email at TLM6846@lausd.net

We know this is a challenging time for all of us. Although schools are closed, there are employees who are still required to work as various critical functions need to continue such as payroll, inventory, technology, facilities, maintenance, etc.

But the primary purpose for my message today is to let you know that your child's teacher will be emailing you each morning with FOUR activities that students in his or her classroom can do to continue their learning opportunities. Daily activities will include Mathematics, Language Arts as well as one other subject matter and another activity. The activities will vary from grade to grade. The content of each activity may also vary within grade levels. Should you wish for your child to do even more, please know that we encourage daily reading even during the regular school year. It's a great time to play Scrabble, Monopoly and other family board games that you may have at home.

Please be reminded that it is a violation of the LAUSD Board of Education policy for employees to email students (past or present); therefore, all correspondence

from your teacher will be emailed to you. Responses to any questions will also be sent to a parent's email address.

We foremost want your family to be safe, remain well and stay strong and positive. However, should you have any questions about the activities being sent to you, please do not hesitate to contact your child's teacher or me. Please send correspondence to teachers at the preferred address they provided to you. Send correspondence to me at TLM6846@lausd.net

At this time, questions should only relate to the activities being sent to you. No one at the school sites has information about potential of additional closure dates, etc. We'll keep you posted as we get information. We have yet to decide which school activities are canceled, rescheduled, etc. We'll address this upon our return.

Your cooperation and understanding during this difficult time have been utmost respectful, and we greatly appreciate it. The tasks planned for your child and being emailed to you each day by your teacher is an opportunity for continued learning. We truly hope you'll schedule time within your home for daily learning, recreational reading and limit or eliminate the amount of screen time for non-academic purposes. LAUSD television station is KLCS Channel 58. Their programming has been changed to provide a variety of learning opportunities as well. We also hope this time provides an opportunity for increased family time to play board games and other creative opportunities as a family and exercise together---our kids would love to Go Noodle (<https://family.gonoodle.com>) with you! You can also receive free kitchen kits for kids at www.kidstir.com/kitchenclassroom).

We wish you good health and strength to remain safe and well during this challenging time.

Kind regards,

Dr. Terry Moren
