

Dear Kenter Canyon Families:

At your child's teacher's Back to School presentation, you were advised that *EUREKA MATHEMATICS* would be the publishing company used for Kenter Canyon School's Mathematics Program. These books were delayed in shipments to the school since their east coast facility was deemed non-essential and had to close for a few months during their peak production time. Fortunately, the books arrived yesterday and have been prepared for distribution to our students next week. A schedule for distribution is provided below.

We have made the process as simple as possible for pickup. Parents will not need to use a sign-up genius to select a time. There is no paperwork or forms to sign. Once you arrive at the Distribution Table, you will simply state your child's name and grade level. If another adult is picking up the book for your child, please call the office or send an email to Registration@kentercanyon.org to let us know who will be coming to retrieve your child's Mathematics book.

The distribution of the books will be given at specific times on designated days for each grade level. We apologize for the inconvenience this may cause for families with multiple children at different grade levels.

Once you arrive, park on the street. You will walk down the middle of the front loop parking lot and join the line on the sidewalk in front of the school. Feet decals are placed on the sidewalk to assist with compliance of social distancing mandates. Once you reach the Distribution Table (just outside of the Main Office, you will state your child's name and grade level. The books will be handed to you. If you wish to have the person giving you the books to place them in a bag, you will need to bring your own bag. Hand sanitizer is available at the Distribution Table. Once you have the books, please turn to your right and use the handicap access ramp to exit. Please do not turn around the cross by folks who were waiting behind you. When you arrive home, please add the Mathematics Books to your child's Distance Learning Box. Parents are requested to take measures to ensure that students to not touch these new Math Books until they are instructed from their teacher to do so.

We thank you in advance for doing your part to keep our staff and community safe by exercising social distancing, refraining from social conversation, and

properly wearing facial coverings and mask. Your continued support, cooperation and understanding are appreciated.
