

## Path of travel for picking up Math Books at Kenter Canyon School.

 Denotes direction of pathway

Walk down the middle of the parking lot and join the line in front of the school. Remain six feet from the persons in front of you. Social distancing is mandatory. When you reach the two steps that lead to the Main Office, wait at the bottom of the steps until you are called to step forward. At the Distribution Table, state your child's name and grade level. Accept the books and turn right to exit using the handicap ramp. Do not turn around and cross the path you had just walked as others may be waiting in that area. Thank you for doing your part to respect the safety of our employees and those families we are here to serve by wearing your facial covering/mask and exercising social distancing.
