

Dear Parents and Friends,

We are thrilled to announce that the STAR Program will be back on your campus to operate the after school program for the 2021-2022 school year! We have missed you and are ready to deliver our nationally recognized programs once again!

We were happy to assist BEYOND THE BELL with their program this past spring. It was an honor to be there for our district partners, the students, parents and the school communities at such a difficult and crucial time.

We are planning a year of celebrations, new discoveries, joyful reconnections with old friends and lots of opportunities to explore new passions through new enrichment programs.

Let the adventures begin!

A \$100 non-refundable registration fee will secure your child's space in the Galaxy program. Completed enrollment forms and your 1st installment will be due by August 1, 2021.

Our incredible enrichment packed program will run Monday through Friday from dismissal until 6:00pm right on your campus when school is in session. Each day your student can take advantage of a success driven package that will consist of:

- Study skills-driven homework club
- Award winning enrichment classes (like theater, art, science, chess and more)
- Fitness and sports program aligned to state standards
- And a healthy snack

Our staff to student ratio is 1 to 14. All staff have had a thorough background check, are certified in first aid and CPR, have experience working with young children and have a passion for teaching.

Enroll Now: <http://www.starinc.org>

With deep appreciation,

Katya Bozzi
Executive Director
STAR EDUCATION
